# The Two Gentlemen of Verona

Directed by CHARLOTTE CONQUEST | Designed by NEIL IRISH

Young love! It's so complicated isn't it? Proteus loves Julia and Valentine loves Sylvia... but when Proteus also falls in love with Sylvia, it all begins to go horribly wrong.

Shakespeare's earliest play bursts into life with all the energy of what it is to be young and in love. Banishment, betrayal, girls disguised as boys, the politest band of outlaws and a scene-stealing dog combine in this rarely seen, joyous romantic comedy. Charlotte Conquest (*Grimms' Fairy Tales*, *The Comedy of Errors* and *The Taming of the Shrew*) returns to direct, with a glamorous 1950s Italian setting.
